

This is ***your*** campaign! This is ***your*** committee!

The LFCC (Local Federal Coordinating Committee) is composed of people just like you. They are federal employees who volunteer their time and effort to insure that your local Combined Federal Campaign conforms to the law and is the kind of campaign where all federal employees will be proud of their participation. The LFCC monitors the performance of the PCFO. They oversee the screening of the applications that local agencies submit to be a part of the campaign. They approve the campaign materials and events. They receive audit results and compliance assessments to make sure the donations are handled properly and that they end up in the hands of the agencies to whom they are designated in a timely fashion.

LFCC Members are your representatives in planning, executing and managing the local CFC. They want your input to help them continue to make your Combined Federal Campaign the best that it can be.
